

Box plot showing the distribution of the number of reads for three categories: bb, box, and pb. The y-axis represents the number of reads, ranging from 0 to 12. The 'bb' category (blue) has a median around 0.5, with a single outlier at 1. The 'box' category (orange) has a median around 2.5, with a range from approximately 2 to 3. The 'pb' category (green) has a median around 10, with a range from approximately 9 to 11 and an outlier at 12.
